

# Things I Love About My Church:

How friendly everyone is to you. Also  
the way you greet each other in the  
service each Sunday.

I love my church for the wonderful caring  
people that have come for fellowship and  
The kind words for you and your families.  
Thank God for my church.

The people, learning about God. Having fun. We all love God and we teach other people to love God, love the Lord.

The People. Pastor Brad. The Choir.

The all-encompassing warmth of Love.

The sermons and words of assurance and praise delivered Pastor Brad and Amy are what I come to church to hear. I enjoy this church for that

and

for the love extended in this church by the wonderful members here. The sermons are such an inspiration. Our hearts are warmed again,

our

souls are grow again. We are reminded of how great God is and that he does answer prayers.

We love the people!! The fellowship of our  
Sunday School class (Men and Women of  
Faith). This church just overflows with  
warmth and genuine caring.

CLUMC is my home where I feel safe and happy. CLUMC people are my family. Men and Women of Faith Sunday School class, Elaine and sub-teachers. Retired Pastors. Hope Circle women are the sisters I never had. People helping people. Brad's sermons motivate me. The staff (the ones you see and the ones you don't). Super Wednesday and the kids and dedicated volunteers. God is here and God leaves here to work within the members. They then share his love to others in the community. (I see this a lot).

The people. Bible study. Music program.

The Spirit of a shared love Christ whenever

We worship together as a congregation.

Fellowship gatherings. Church's ministries.

I love to sing in the choir. I love the music

And especially the words from the Bible. I

love the bible study I'm in. I love the

fellowship and sharing.

The music program. The community of  
believers.

The friendliness of the people. Great sermons. Good choir and music.

Our Sunday School class is awesome. I learn  
some thing new every time we get together. I  
love Super Wednesday. Our teachers are the  
best.

I love my church family! They treat this  
Church with respect and love as I do. The  
people make the church. I love Pastor Brad  
too!

I love being a member of CLUMC. The people are the heart of the church. They welcome me and my family into their family. When the Walk to Emmaus was offered to me, it changed my life. My beliefs didn't change, but my life did! I'm happy to be a part of this circle of love! Let love unite us as the body of Christ.

I love the friendly casual atmosphere.

Also, the acceptance of all who enter.

- People Who Made a Difference in My Spiritual Life:

Pastor Clint Harris- his wonderful  
perspective on Christ, the church, and  
life.

Carl and Sandy Kaupp, Carol Bisset, Ron Frisk- all  
living, loving, caring examples of God's children-  
their contributions to the church, to the people  
they meet and interact with,- their love fills me  
up!

My daughter, son and daughter in law, Trish,

Pastor Brad and Clint, Betty, Debbie, Lily, Elaine,

Wally, Ron and Belinda, CLUMC members and

choir and staff, Jim, the youth in our church,

Carl

and Sandy.

Wally and Loretta Schultz, Sam and Bonnie Adams, Lily (Mom) Montross, Ken and Eileen Lind, Rev. Clint Harris, Dave and Cindy Helton, Bert and Nancy Alleman, Carl and Sandy Kaupp, and of course Pastors Brad DeHaven and Amy McClung.

Belinda Frisk who heads the Mission Committee. Each month we ask for donations to so many wonderful mission programs that help so many people in our nation and foreign nations. Great leader and great program!

Clint Harris, Jim Roberts, Mal and Carolyn

Hierholzer, Pastor Brad, Betty Smith, Elaine

Quinn.

Watching Carol Bisset work tirelessly in support of the church and people in our community spurs one on to do more with their life and spiritual growth. All the women who work continually for this church promoting missions and spiritual growth is wonderful and shows God's love.

There are so many positive role models at  
Our church that have affected my spiritual  
life this year. The Super Wednesday and  
Vacation Bible School teams have made  
me  
realize how precious my faith is.

Grace Balzer- who continues to exhibit  
a life of joyful faith.

Carl Kaupp- a self proclaimed “non-handyman” has taken on the trustees’ responsibilities with extraordinary vision!

Carol Bisset- Such an active force that most of us have no idea of how much she does!

Thank you!

Visions and Hopes

for my Church:

The Angel Board is a great idea. Do we still  
Have it? I haven't seen it in months. We  
need to actively care for our members and  
Somehow grow our young family  
membership. How? That is the grand  
question.

The vision is to see more young couples  
Taking part in the church function of the  
church. The hope is to have more young  
Couples join the church.

To reach out to the less fortunate and lost in hope and spirit as well as soul. That this church would not grow to be so large that the members and staff would not forget the true missions and call of its members both old and new.

I feel so blessed to have “stumbled” into this church when I most needed it. I would like to see us front and center in the Canyon Lake community where more people will “stumble” into God’s love through us.

To grow our church in numbers and missional outreach (local); to develop a plan for a physical update of our building; continue to nurture our current members and support/encourage/teach our youth in their activities and missions.

Family life center. AA meetings and AA

Teen meetings. More small groups. More

teachers at Sunday School and Super

Wednesday.

To grow- in membership, in spiritual ways,  
and in community involvement.

If children are at home all weekend  
hungry,

Why not feed them on a Saturday instead  
Of Wednesday, or both. I would be happy  
to help with that.

More interaction with the surrounding

neighborhood- hoping that we will have

More members from the neighborhood.

Reactivate a senior fellowship-like Friends

in Touch.

I love seeing our church being active and busy! I love seeing children fill our classrooms and the Fellowship Hall on Wednesday. I hope our church can reach out to the community and offer meeting space, programs, love, and generosity to our community.

Family/Community life center. Intensive  
visitation for homebound members,  
visitors, and those needing custodial care.

This may be too vague to be of much good,  
but, my hope is for us to look inward more  
deeply so that we may reach out to our  
neighbors more completely.
